These draft bye-laws have been compared with the bye-laws sanctioned for the Gubbi and Kadur Rural Councils and they are in order

1970/29 2) Storing of kerosene oil and petroleum as proposed to be licensed If the Govt contemplate to exclude these items from the control of Rural Councils, this provision may be deleted

3) Stone quarrying as proposed to be included among offensive trades It does not fall under any of the items specified in Section 151 of the Rural Regn Special provision has been made for preventing dangerous quarrying in Section 126 of the Regn This item may be excluded from the bye laws

4 cart-stands are proposed to be treated as falling under offensive trades. It is not clear whether the inclusion of this item under section 15(2) the Mysore Regn is strictly correct. If it is desirable to bring cart-stands also under licenses, it was to be perhaps to be done by making special provision in the Regulation itself as in the Mysore & Bus Regn. In the present ~~In this new~~ ~~the regulation is not provided~~ the form of the license is not prescribed in the proposed bye-laws. The Municipal Commissioners may prescribe the license form.

5 In the bye-laws submitted ~~The boards issued are to enter~~ ~~on to expire at the end of every~~ ~~official year. But no provision~~ ~~to this effect has been made in~~ ~~the bye-laws. Specific provision~~ ~~may be made by inserting a~~ ~~new bye-law.~~

6 The rates proposed are Rs 10 for each dangerous trade and Rs 15 for each offensive trade. The rates charged are Rs 5 in the Bangalore and Mysore stores. For a small place like Harihar the proposed rates are too high. They are [illegible] reduced
